### About the Author

Chaz Alexander lives in Central Florida in an open relationship with his significant other of 24 years. Having discovered his bisexuality as a young man, he has pursued this relationship over the years. Several years ago, he met a couple with whom he established an instant attraction. He moved into their home (much to in-laws chagrin) and they lived as an MMF threesome for four years. Finally, before they separated, they even bought property together.

Now he and his significant other welcome the occasional male visitor for an evening or perhaps a weekend and explore the erotic experiences available when sharing intimacy with three people.

The stories in Chaz's books are based on real-life experiences he has shared with his significant others.

Warning: Each book is an erotic story between one woman and two men. The series contains graphic material that is not suitable for anyone under the age of 18, including M/M/F, M/F, and M/M sexual encounters.

### An excerpt from Anna's Enlightenment

"We've been sharing our pleasant adventures ever since we were young. Many times I've kneeled between Charles' legs while he sat on that very same bench."

He stood up unbuttoning his breeches as he did so. In another moment he had his fat cock in his hand. He moved closer to Charles and placed the hard shaft against that of Charles and began to rub them together. As he did so, they both began producing copious amounts of seminal fluid as they slipped back and forth against one another.

Anna was intrigued. She placed both hands on the bulky assemblage feeling the slippery liquid coat her fingers and palms. Both men uttered sounds of pleasure as their hips moved back and forth exerting pleasant friction on their combined cocks.

"Anna, don't stop. That's too good. I can't last much longer," said Charles. Both cocks seemed to harden and swell. Reggie's was almost too thick for Anna's small hand to encircle.

"Me too," said Reggie as he closed his eyes and rocked back and forth against his cousin's hard cock.

Anna held the two men's cocks together as she felt the spasm of their combined orgasm pulse through her hands. Charles uttered a throaty groan as his semen burst from the tip and flowed over Anna's fingers. Not to be outdone, Reggie's hot cum squirted on to the ground at her feet. Her own body reacted to the men as she clenched her thighs together and felt a wave of pleasure sweep through her.

"Oh my," she gasped as she observed the results of their encounter. Charles retrieved a handkerchief from his pocket and handed it to Anna. She took it and wiped her hands as the two cocks in front of her began to shrink to their normal size.

Reggie was still caught up in the sexual moment and kneeled before Charles and took his flaccid cock in his mouth. He took the handkerchief from Anna and wiped Charles' and then his cock before the two men began to restore their clothes to proper fashion.

They helped Anna to her feet and then slipped back through the door and returned to the manor by the path.

"How did you know that I had gone to the Green Owl?" asked Anna on the short walk back to the house.

"We know Mary Ann well. She's been a part of our little group since she was no longer a girl. She's actually done more than sit on that very bench before. She is one lusty woman at times."

"Is that so?" asked Anna as they walked. "So she knows well of the entertainment of which you spoke?"

An excerpt from My Hot Wife.

As I was helping the customer I almost forgot I still had the Ben Wa balls in me until I bent down to get a bag. Then I felt it and I was still sensitive. I almost let out a moan but held back.

At closing time, we walked out together.

He said, "Thank you for sharing more with me tonight. I certainly have lots to think about tonight thanks to you."

He was talking to me as we walked to where I was parked. We stood face to face.

I said, "I'm glad we could finally talk like this too. I've felt some sexual energy when we are near each other in the past and I've had some thoughts of you too."

I could tell that made him even more excited and he asked if he could give me a hug. I leaned in and said, "Of course."

As we hugged, I felt his hard cock pressed up against me.

I reached down to touch him. I said, "That feels nice."

He pressed harder into my hand. I wanted to do more but we were standing in the parking lot. I felt bad for leaving him in this state of arousal and asked him to get in the car. He got into the passenger seat and we took a little ride to a secluded place. As we drove, I put my hand on his cock on the outside of his jeans. We didn't say much at all and I couldn't believe I was actually doing this.

I found a place and parked. I leaned over and kissed him. As we kissed my hand went to his cock again and I tried to get his jeans undone. He helped me and pulled his jeans down some. I took out his cock and used my hand on him as we kissed. I moved my hips some and felt the Ben Wa balls still in me. This was exciting.

I could tell he couldn't last much longer and I wanted to give him a blow job and taste his cock. I went down on him and took him in my mouth. I closed my lips under the corona ridge and used my hand to roll the soft skin up and down. He lifted his hips to meet my mouth and hand. I could taste his pre-cum. Shortly, he began a vigorous thrusting and finally touched the back of my throat.

He told me, "I'm close to cumming."

I went faster and then he said, "Here it comes."

He came so hard in my mouth his cum hit the back of my throat. He is definitely a heavy cummer and I swallowed as much as I could. He tasted good.

An excerpt from I Shared My Wife.

She opened her eyes and appeared to relax. James lifted his body from between her legs and rolled to his side.

"Remember our chat last night?" she asked. "Come here."

I moved beside her and rolled to my back. My cock stood hard from my pubic area. She lifted her leg over me and aligned her pussy with my organ and lowered her pelvis until my swollen head touched her labia. I looked down my chest to see my cock disappear in her wet pussy.

"Ah, yes," she said as she settled on my penis.

Soon, she lay flat on my stomach with her legs splayed wide over my hips.

She looked at James and said, "Join us."

James kneeled between our legs and leaned forward until his hard cock touched the crease of her ass. When she felt the touch she reached behind herself and spread her cheeks. Her wrinkled bum was now exposed to James as he looked down at her full hips.

He licked his finger tips and transferred the moisture to the smooth head of his cock and then pressed forward. I watched as Patty closed her eyes in anticipation of the invasion of her anal opening. James stared at his target and held his member tightly in one hand. Patty pressed her hips back against his tool and her rectum stretched to accommodate the girth.

"Ah," she moaned as the head slipped through her sphincter muscle and into the anal channel.

James paused to give her a minute to accommodate his penis and then resumed the pressure. Slowly his erection disappeared into the warm smooth recess.

"It's in," Patty whispered in my ear as she felt James' pubic hair tickle her bottom.

"I can feel him," I said.

The pressure of his organ pressed against the bottom of my shaft as he forced the last of his rod into her asshole. I could feel his testicles rest on my scrotum until he began to withdraw his cock.

We began a slow motion movement with Patty rolling her hips to experience the two cocks in her body. Her clitoris was mashed against my pubic bone and her rectal area was stimulated by her second lover. Her fantasy was now reality and she closed her eyes and reveled in the sensations coursing through her body.

"I'm cumming," she murmured.

#### An excerpt from My Wife Dates

I needed no further invitation. I pulled my boxers completely off and stood with my erection waving in front of me and stepped the few feet to their bed. Cheryl smiled and reached for my hard cock.

"Come here," she invited. "You looked so lonely."

Rex rolled to his side and Cheryl slid toward the center of the bed opening up a narrow space to accommodate my body. I lay on the edge and rolled to my side. Her hand was still on my cock and then I felt another hand join hers.

Cheryl looked me in the eye and said," Are you OK with this?"

"You have no idea," I answered. "It's amazing."

"That's good. I think we'll be a great threesome."

I kissed the nearest nipple to me. I let my hand wander down her stomach and felt the soft bush of her pubic area. As my hand moved further down her body, I felt Rex's hard cock where it was pressed against her hip. I hadn't felt another cock in a long time and this one felt wonderful.

Rex crawled between Cheryl's legs and she relaxed them and let him bury his face in her bush. When his tongue touched her labia she moaned and lifted her hips to meet his tongue. I was busy squeezing Cheryl's large soft breasts and tweaking her nipples. I traced the circle of her aureola and massaged it gently.

"You guys get in a 69," Rex instructed.

I reversed my position and Cheryl rolled to her knees and positioned herself over me. She bent down and took my cock in her mouth. She relaxed her jaw and took a significant length of my organ deep in her warm wet mouth. I looked up at her red bush and used my fingers to part the soft hair. I felt movement on the bed and Rex kneeled by my head. Even in the moonlight, I could see his erection as it moved over my face and his testicles touched my forehead as he moved forward. I reached up and grasped the thick shaft and guided it to its goal. The mushroom head parted the labia and disappeared only inches from my face. I leaned up and my tongue traced the lips and finally settled on the button of her clit. She moaned around my cock as I massaged her pleasure trigger.

Rex began a series of deep thrusts as I continued licking her pussy. His balls moved back and forth across my face. As he pulled back, I'd follow and caress the shaft with my tongue.

"I'm close," he announced.

Cheryl's attention to my cock was bringing me to my own orgasm. She stroked my rod with her hand as she took more and more in her mouth. When she dropped her hand and began caressing my scrotum, I knew I couldn't last much longer. Rex thrust one last time and held his organ deep in Cheryl's pussy. I watched the contraction in his groin as his balls bounded up and down as he shot several loads of semen deep in her vagina.

An excerpt from I Shared Sophia.

I couldn't keep my hands and mouth off his cock. I knew that this might be my one and only time to do this and I wanted to take advantage of it. It was the pure novelty of it. We kept reaching over and stroking each other and playing with each other's balls. It was a wonderful sensation just freely playing with and exploring each other.

It's a freedom I hadn't allowed myself in my previous experience and a freedom I haven't shared with another man since then. A full-blown, let's take off all our clothes, turn on all the lights and play with each other's cock experience.

Sophia encouraged us. She'd French kiss one of us and then the other as she stroked our cocks.

She said stuff like, "He feels good doesn't he, Ben? Feel how hot his cock is, Sweetie. Pump his cock like this. That's so hot seeing him in your mouth. Suck him for me, Baby."

I think she really got off on having two hard men in her hands at one time.

At one point Ben leaned over to French kiss Sophia, while laying back and guiding my mouth to his cock. I bobbed my head up and down while they kissed passionately. Her hands were stretched out, playing with his balls and pumping the base of his shaft as it ran in and out of my mouth. His hands played with her tits, and then, as he dropped his mouth to suck on her nipples, he slid his fingers into her very wet pussy. Her lips were very pink and wet and she moaned as he worked his fingers into her. She still had his cum inside her from the earlier fucking and I could clearly hear the wet sounds of his fingers working in and out of her.

My cock was throbbing hard as I worked him over with my mouth and hands. His cock and balls felt wonderfully different from my own. He seemed to be enjoying my servicing his cock. The whole scene had him moaning and moving his hips back and forth against my mouth. I think he really got off on the idea of me sucking his cock while my beautiful hot wife was creaming and humping herself against his hand. He kept murmuring into her breast how he couldn't believe this was really happening and how beautiful she was and how good my mouth felt on his cock.

We repositioned ourselves with me lying on my back between his legs, sucking his cock while he was eating Sophia's pussy. She kept moaning and pushing her hips against his mouth. Her back was up against a chair as she watched me suck his cock. One hand was pinching her own nipples while the other was firmly pressed to the back of Ben's head, grinding his mouth against her cunt. By this point I was afraid to touch myself because I knew I would cum if I did.

An excerpt from Shared for the Weekend.

Our early morning shower was pretty much the same except Lebron and I spent a little more time washing each other's cock and much more time washing Debbie. Room service again brought up breakfast and we three naked friends sat and enjoyed the day. As our flight schedules were again different, Debbie's leaving first and Lebron and mine an hour later. We began to feel a certain intensity that we needed to get back in the bed as time was running out.

Debbie suggested that we get in a position on the bed with her and me in the 69 position with her on top. That way Lebron could do her doggie style and I could watch and lick her pussy to get it nice and wet for him.

That's what we did, for about ten minutes Debbie and I licked and sucked each other while Lebron was reaching under her and massaging her breasts.

Debbie said, "Please, fuck me, Lebron."

He moved around behind her, his cock was just inches from my face, looking for her cunt. I reached for his cock and guided it into her, stroking him a little as I put in her. He thrust hard into her and I could feel her jolt with the impact of his thighs slamming into her ass. His black cock was inches from my face. It moved in and out and made wet sounds. Her wet pussy dripped on my face each time his cock pulled out. I could taste their mingled juices as they fucked like there was no tomorrow. Lebron hammered her. His cock was a blur as he fucked Debbie. He gave her immense pleasure as it slid back and forth against the walls of her vagina. Harder and harder he fucked her.

She bucked so hard that my cock slipped out of her mouth. Debbie moaned loudly. Her orgasm mounted to a plateau seldom reached. Lebron was glistening with sweat. I sensed his pending orgasm as it mounted. Debbie shook and panted. My face was wet with Debbie's pussy secretions. Lebron tensed for his orgasm. He pushed into her one last time and held her tight as he came in the depths of her pussy. I leaned up and placed my tongue on her clit and massaged the button. She tensed and held still as her orgasm rolled over her.

An excerpt from My Husband Shares Me.

He had Larry lay on his back, with me on top facing him, and Larry's cock in my pussy.

As Larry gently pumped me, I felt Dennis's hard cock begin to play between my pussy lips, right next to Larry's cock.

Then he said, "Ready?"

Both Larry and I said, "Yes."

Slowly Dennis pressed forward until his cock was inside my pussy. It was right next to Larry's cock. I felt really full but it was not painful.

When the two guys started moving inside me, the extra sensations were too much for Larry, and he quickly shot his load. Dennis and I continued to screw while I lay on Larry as we kissed. Larry's cum leaked out of my pussy and lubricated Dennis's cock. Larry's soft penis massaged Dennis's cock until he added his semen and they both slipped out of my stretched pussy.

The second time we tried that double penetration, Larry had already cum once, so he was better able to control himself. What a feeling it was to have two cocks in my pussy, moving in alternating strokes. The wonderful sensations finally sent me over the top. My orgasm caused my vagina to contract around the two cocks, causing both guys to move quickly toward their own climaxes.

As Dennis's cock expanded just prior to climax, it caused more pressure on Larry's cock, which caused his cock to expand too. Nearly simultaneously they shot lots of semen up inside me driving me through yet another orgasm.

We have now repeated that play a number of times.

An excerpt from My Wife Goes Black.

Once in the room she was all over him. She stripped his clothes off. When he was nude she dropped to her knees and sucked his cock. I moved in and took her clothes off for her. When he was hard he led her to the bed, he lay down and had her get on top. He told me this would give me a better view. Even though he had fucked her twenty minutes earlier, it took her some time to get his whole cock inside her. She came twice doing this, then she rode him with all she had. I stripped and started to masturbate. I watched my wife enjoy fucking that big black cock. After she came for the fourth time he had her turn around so she was facing his feet.

He told her, "Lie back."

He looked at me and said, "Lick her clit and my cock. I know that you sucked my cock in the booth. Your wife sucks better."

I did it. He slowly pushed into her and I licked them both. I realized that I enjoyed it as I explored the soft lips and his hard shaft as they slid by my mouth. His cock came out until only the cock head was still in her. I licked the soft underside of his penis and when it was shoved back in I moved up to her clit and stroked it with the tip of my tongue.

She had another orgasm and then I felt his groin contract as his muscles spasmed as he came. Her secretions and his semen trickled from her vagina. He told me to lick them both clean and suck him so he stayed hard. I found I liked eating my wife with her pussy full of another man's cum and sucking her lovers cock clean made me so hot I came without touching my cock. He stayed the night and fucked her three more times. I licked them both clean after each session.

When we woke up in the morning she wanted him to fuck her again. He was having trouble getting hard; he suggested she and I suck him together. So we did. I licked the shaft while she worked on the head. We'd change and I'd lick his shaft and balls while she sucked the mushroom shaped head. This got him hard enough to fuck her again. After he came for the last time I licked them clean again and he left. My wife said she was fucked out and suggested we just go sightseeing for the rest of the day. Our first meeting with Cecil was over.

That night in bed we talked about the night before. She said she never had intended to ever let another man fuck her. But that big black cock just made her so hot she couldn't control herself. I told her it was all right as I was so hot I wanted to see her being fucked by that big black cock as much as she wanted to feel it inside her.

We came to realize we both liked for her to enjoy big black cock. When in the mood, she wanted to keep sucking cock at a glory hole and if she was going to let another man fuck her again, he would be black and I would be with her. She then sucked and fucked me till I couldn't move.

We didn't see him again for several months.

An excerpt from We Seduce the Landlord.

I wanted to go over and be close to them, but she unzipped my pants. My priorities shifted as my wife decided it was my turn. She pulled down my pants, revealing my boxers. I was straining against them, and she released it with her mouth open and ready. I popped free and slid right into her mouth, and I moaned at her tongue drawing circles around the head of my cock. I gently rocked my hips, sliding in and out of her lips, loving every second. I felt my waistband being pulled down, and the strain on my testicles was released. I did, however, freeze for a second when, without pause, I felt my buttocks being spread and a tongue lick my anus. I'd never had this done to me before and it felt exquisite. It was scintillating and wrong and felt really good. It sent shivers up and down my lower back and abdomen. He rimmed me, slowly letting me get used to the feeling, enjoying how I tasted. He pushed his tongue into me, slowly, and I could feel it opening me. Not wanting to be outmatched, my wife doubled her efforts, pushing my cock into her throat and almost making me come on the spot, before sliding back out and licking, caressing the very tip. I was in heaven, until he stopped. I felt him kiss his way up my back, and he bit my neck. I got goosebumps at the feeling of his lips on me.

My wife, cock still deep down her mouth, reached around and spread my butt. My eyes grew wide as I knew what they were up to, and before long I felt the tip of his cock pushed against my asshole. He coated it with his pre-cum, and once again the stimulation on both sides of my pelvis was making me moan, and I ground my hips again, sliding into my wife's mouth. This time, however, the more I pushed back, the more I spread, slightly, to let his cock in. I felt like I could really take it. There was not the pain which I had always described by women. I gently pushed back again, and, coated in his own pre-cum and saliva, his cock slipped inside me. I moaned and groaned. My wife moaned onto my cock, realizing what was happening, and she ran a hand between my legs, gently caressing my testicles, and touching the ring of my anus, the head of his cock keeping it stretched. She ran a gentle finger around it, then along his shaft, before cupping his balls and gently squeezing them.

He moaned, and made an involuntary thrust, sliding his cock more than halfway into me. This unexpected entry felt amazing. I felt myself open up to allow for his cock, spread to accommodate him. He realized I was having little to no trouble taking him, and he put his hands on my hips. Before I could even consider protest, he pushed all the way inside me. I grew rock hard, harder than I'd been, probably harder than I'd ever been, and would have collapsed on top of my wife if he hadn't quickly taken my arms. I was now, however, unable to move, bent forward and with my arms behind my back in his hands.

### An Excerpt from Anna's Boxed Set

"Remember, we've played around here for all of our lives. There's not a crook or cranny we don't know. We've used this garden for our secret adventures for years."

Reggie sat down on the stone bench. Anna meandered around the small paved space looking at the flowers and touching a few of the more colorful blooms. Charles stood and let his gaze follow her.

"We heard a rumor that you had discretely visited the Green Owl a few nights past." said Charles.

"Yes, I did," acknowledged Anna. "It was an eye-opening experience. I also heard the rumor that you and Reggie were frequent visitors there."

"Yes, we've been known to go there in the past. It's always entertaining," responded Charles. Reggie nodded his agreement.

Anna looked down at her hands. "Do you partake of the entertainment available in the upstairs rooms?" she asked.

"We enjoy the ale but the upstairs rooms provide a much more varied experience," he answered.

Charles took the few steps that separated them and moved behind her. Anna caught her breath and remembered the last time he had been this close to her. Charles rested his hands lightly on her hips and held her as he moved closer to her. As he moved closer, the front of his body lightly touched her hip. She reacted immediately. She suddenly felt faint and unsteady. Sensing this, Charles gripped her elbow and guided her to the bench beside Reggie.

"Dear Anna. Sit. Take a deep breath."

It only lasted a moment and Anna felt better. Charles stood in front of her holding her hand. She opened her eyes and was aware that she was looking straight at Charles' crotch. The bulge that Anna had felt against her hip stood out in stark relief to the rest of his pants. She was staring and Charles noticed. He slowly pulled her hand toward the front of his body and pressed it against his cock. Anna's first response was to pull back but then she pressed her hand against his crotch and left it there.

"We'd hoped you'd be open to our suggestions," Charles said. "You've grown into a very attractive woman."

As he held her hand against his body, he began to open the buttons of his breeches. He moved his hand inside his clothing and moved his under garments aside and pulled his hardening cock through the opening. Now Anna's hand touched the smooth skin of his penis. The head showed through the foreskin and a drop of semen began to form at the tip.

She remembered the preliminary action that the woman had performed during her visit to the Green Owl. She moved her head forward and looked up at Charles. He smiled and gave an almost imperceptible nod encouraging her to continue. She touched the tip with her lips and then pulled back. The drop of semen formed a tiny bridge between her lips and the tip as she moved backward.

Seeing that she was hesitant, Charles looked at Reggie and moved his hips slightly. Reggie shifted on the bench and leaned forward.

"This is how it's done," he said.

With that, he opened his lips and took a significant portion of Charles' cock in his mouth. He gripped the firm shaft and moved the soft skin up and down in time with his mouth. Anna gasped at the sudden turn of events. Her eyes opened wide as she watched the male member slide in and out of Reggie's mouth leaving the upper half of the penis shiny with his saliva.

"Now you," said Reggie offering her the slick shaft.

She moved toward the edge of the bench, put one hand over Reggie's and sucked as much of the thick cock into her mouth in one motion. She closed her eyes and savored the taste. Her tongue caressed the underside of the cock and explored the foreskin and underlying bulbous head. She removed her hand and took the shaft from her mouth.

"You surprised me," she said to Reggie. "I didn't expect that."

#### An excerpt from Bi Guys First Time Stories

I was from Texas. We were working up north in Wisconsin. It was a friend of the family. I was always hanging around his apartment. One day he showed me some porn magazines. I was wearing short shorts and a t-shirt. It was in the summer and it was hot that day.

As I looked at the adult magazine, I noticed that my cock was really hard and plenty of pre-cum was oozing out. It was going thru my shorts and I also noticed he had this massive bulge in his pants. He sat next to me and touched my wet shorts and my hard on. I remember it felt good as he rubbed my cock with his fingers and made me even hotter. He excused himself and went to the bathroom and I moved to his bed. By now, I was so horny. When he returned, he was just in his underwear with a big bulge and was wet from his pre-cum too. He sat next to me and touched my cock. He leaned over and planted a kiss on my mouth. At first, I was shocked but after 10 seconds I liked the way he felt and I kissed him back. He stuck his tongue deep in my mouth.

I slowly took my t-shirt and shorts off but left my underwear on. We lay on his bed. He took my underwear off. I took his off too. We kissed a lot. I loved it. He was a good kisser and showed me a lot.

I took his thick big cock in my hand and I played with it. I jacked him off. Then he asked me to kiss it. I did as he asked. I kissed his cock head. Lots of pre-cum was oozing out of his cock. I licked it and it tasted salty but I loved it. I started to suck his cock holding his big balls with my hand.

Two weeks after that day I went to his apartment at night and he dressed me like a girl in panties and school girl outfit. I loved the outfit. I put it on and he fucked me with it on - my first cock in my ass. He was very gentle. It took a couple weeks to take all of his cock. Once I was able to take all of him, he would pound my ass.

I enjoyed him very much he always bought me sexy panties, bras and high heels. He treated me like his li'l slut. I loved riding his cock and he would lick my ass well before sliding his big cock up my ass. He would also have me on my back, legs on his shoulders and would lean forward and deep kissed me with lots of tongue as he fucked me.

This went on for several years.

Throughout those years, I enjoyed him very much. I loved the way he treated me. We moved back home and my older friend moved away. I miss him and his big thick cock. He taught me how to suck cock and lick and eat ass. It was my best experience and I still masturbate thinking of those hot summer nights with him. I especially loved it when he introduced me to rimming.

### An excerpt from MMF Bi Threesomes

I travel a lot on business and like to play whenever I can. Yesterday afternoon I placed an ad online offering my hotel room for horny people who needed a place to play. Within a few minutes I received a reply from a guy who indicated he and his girlfriend were interested. It was obvious from a couple of the pics he sent they were interested in playing bi.

I invited them over and they showed up mid evening. As it was our first meeting we talked for a bit about likes and dislikes, to establish our comfort zones.

She is 29; he is 36 and I am 49 - average bodies for all of us. They started off playing on my bed and I was just watching. She sat on his face and he ate her smooth pussy while she began pulling toys out of a bag. She then started vibrating her pussy for us and sucked his cock. They invited me to get naked, which I did. She then climbed on top of him and they invited me closer to watch and stroke my cock.

Soon, I was lying next to him watching them fuck and he reached over and started stroking me, which she loved watching. She then climbed off and put on her strap on. As she did, I leaned over and started stroking and sucking his cock. She got between his legs and started fucking his ass as I alternated stroking and sucking him. He was stroking me. There was a whole lot of moaning, lube and pussy juice flowing.

She put away the strap on after a bit and grabbed a vibe and worked her smooth pussy while he and I sucked and stroked each other. The whole time they were asking each other and me if we liked what we were seeing and what we would like to see or do next.

She climbed on top of him and I moved behind so I could get a good view of her wet pussy taking his cock. I reached in and began massaging his balls and cock, rubbing her pussy lips and clit as they fucked. Next she had me move up the bed on my elbows and knees. While she was riding him she put on a latex glove, grabbed some lube and started playing with my ass. Eventually she worked in one, then two fingers while he was stroking me. This went on for long enough for her to need to take a break. She moved over to a chair next to the bed with a vibe and put on a nice pussy show while we took turns sucking and stroking each other.

When she came back to the bed she laid down and asked me to eat her super wet pussy and finger fuck her. She was moaning and loving it as she sucked on his cock. By this point we were all ready and he got on top of her and fucked her while I helped.

Soon they were both cumming and he filled up her pussy. When he rolled off of her I asked if I could clean her up. Even though she was super sensitive, she climbed up over my face and I ate her cum filled pussy. They were both stroking and sucking me as I ate her. I couldn't see who was doing what. Her finger again was playing with my ass, sliding in and out. Within probably two or three minutes they had me shooting a huge load that shot up and onto her tits and all over me.

My friends, whom I met online, texted me the other day to let me know they were going to be passing through my area on their way back from a trip to the mountains. It would work out that they could stop over and spend the night in town. They asked if I could join them at their hotel before their departure the next day. We always have a great time so I was very excited to receive their invitation.

When I arrived, Marcy was in the shower, and James was already nude on the bed watching some porn on his laptop. I undressed and joined him on the bed and we chatted while waiting for Marcy. She came out wrapped in a towel and sexy as ever. She apologized for having forgotten to pack her razor and not being shaved. I let her know that was no problem at all since I like seeing a pussy with some hair.

She removed the towel and revealed her sexy little body. She joined us on the bed. She knelt between us and massaged both our cocks. Within a few minutes she moved between my legs and began to kiss and suck my cock. It had been some time since it had received attention of any kind and responded by becoming hard in her mouth and hand. Looking down at her I was treated to an awesome view, her head down between my legs and her gorgeous ass up in the air. Her small waist and perfectly curved hips made for such an erotic sight. After she pleasured me for a little while, James decided he wanted to join her. He moved down and took my cock in his mouth and gently thrust up and down on my cock while Marcy licked my balls. I looked down to see him take my cock from his mouth and guide it back into Marcy's mouth. This all felt so incredible.

When Marcy stopped sucking me, James instructed her to straddle me reverse cowgirl. James took my cock in his hand and guided it into his wife's pussy. Her pussy was SO wet and I slid in effortlessly. As she began to ride me, James moved in front of her and started licking my cock and her pussy. It was very noticeable that this excited her. She began to moan and thrust more and more on my cock. It was not long till I could sense her pussy tighten on my cock. She moaned as her whole body stiffened and an orgasm swept over her.

Marcy relaxed and moved to lay beside me with her back to me. I marveled at her erotic little body. She arched her ass toward me and I moved to allow my cock to contact her ass. James raised her leg and once again guided my cock to her pussy. He helped insert me into her and I started thrusting into her wet pussy. James continued to stroke my cock and rub her pussy at the same time. This is one of the most awesome feelings ever. Having a husband watch you fuck his wife and even help, and encourage you to cum in her pussy is very exciting. It did not take long until Marcy was once again in the throes of an orgasm. When I felt her pussy clinch around my cock I exploded. I pushed deep as my cock pulsed and pumped my full load into her. As I moved away, she rolled onto her back. James climbed on top of her and sank his hard cock into the sloppy seconds and fucked her hard. When fatigue set in, he got up to get a drink and give all our heart rates a chance to settle down.

After a brief rest period, I was anxious to eat Marcy's pussy. I settled between her legs and began to kiss softly on her inner thighs. I rubbed the mound of her pussy with my hand and gently stroked her stomach.

#### Excerpt from MMF Bi Threesomes Volume III

Joy's pussy was utterly delightful and already showing clear signs of arousal, even without much attention from me. This was one very responsive lady. I licked her, slowly but firmly, peeled her lips apart and enjoyed her responses. She became very wet and moaned as Roy sucked her nipples and I massaged her G-spot with two fingers and ran my tongue over her swollen clitoris.

She placed her hand on my head and pressed me into her as her first orgasm came hard and fast, followed quickly by another as I changed position and wormed my tongue into her puckered little anus. Her rear passage opened easily to my probing and she was clearly very comfortable with anal play. I later discovered that she had quite a penchant for anal sex, but sadly not with me due to my girth.

Joy was now in that state of multiple orgasms as Roy and I pleasured her orally, each one rising in intensity until she shouted a warning to me that I was about to get wet. I kneeled on the floor, my mouth plugged to her open cunt as her juices ran down my throat, fingers of my left hand peeling back the hood of her clit and thumbing the clit itself, while the little finger of my right hand was deep inside her anus and I gently massaged her rectum. She didn't last long under this onslaught, and with little warning she cried out and several fountains of clear liquid squirted from her pussy all over my face. Roy gently brought Joy down from her intense climax. We cuddled up together and wrapped her in the duvet.

Roy explained that she would need some recovery time and suggested we amused ourselves while Joy rested. Seeing her so satisfied from sexual pleasure was lovely and I gently planted little kisses on her face as she moaned softly to herself. Roy by this time had moved down my body and pleasured me orally. I felt his warm wet mouth slip over my erection and I was keen to return the favor. As Joy slumbered next to us, Roy and I maneuvered ourselves into a 69 position and feasted on each other's cocks.

I love sixty-nining with a man or a woman but Roy's technique was especially good and soon I found it hard to focus on his penis. I prefer being sucked by men but this was something else. I didn't want to cum yet so I broke away from him with some reluctance and gestured for him to lie down so I could suck him without any distraction. Joy had already told me that Roy was a heavy cummer and added that they had resisted the urge to have sex for a couple of days before meeting me so that he would be able to ejaculate copiously.

His groans of pleasure grew louder and I admit that I was reluctant to cope with a big load. Before I could decide if I wanted his cum in my mouth or over my face his noisy grunts woke Joy. She groaned her pleasure at the sight of her two men enjoying each other. She and Roy started kissing and she then moved down his body, nibbling first on his nipples and then joined me to share his cock. We took it in turns to suck his helmet and run our tongues up and down his shaft. After a few moments of intense oral attention, it was Roy's turn to cry out in climax as Joy directed his cock into my mouth. I instinctively cradled his balls and felt his contractions as Joy milked him and he jetted warm sticky cum into my mouth.

### HOT WIFE, BISEXUALITY, CUCKOLD, BBC,

An excerpt from MMF Bi Threesomes Volume IV.

I leaned into my husband and said, "Would you like your birthday present tonight? If you do, I'll ask him to come home with us."

Matt's response was, "If you're sure, I would love that."

I turned to Alan and asked, "Would you like to come home with us to fulfill my husband's fantasy?"

We had recently bought a new house that had a pool table, so we invited Alan over to play a game of pool.

We then left and went to the parking lot, I decided to ride with Alan from the bar to our house. Matt agreed. On the way home Alan and I held hands.

He said, "I like you, but I don't want to get in the middle of things with you and Matt. I just want all of us to have fun."

I said, "No worries. This is Matt's fantasy."

We got to the house, had a few drinks and played some pool. We played strip pool and I lost badly.

Soon I was topless with only a black mini skirt with nothing underneath and my high heels. We decided to bet that the next loser must do anything that they were told to do. I lost. Alan and Matt decided I had to go down on Alan

I was kneeling in front of him as he unbuckled his pants and to my surprise, he had a huge cock it was long and very thick. I didn't expect that but inside I was excited and my pussy got wet. My mouth was watering as he filled my mouth with his big cock. Alan almost made me choke. This made me hot and I then knew he had to fuck me.

While Matt was still downstairs getting us drinks, I led Alan to our bedroom. We kissed very sensually.

We lay on the bed making out passionately as he stroked my pussy. He kissed my neck and then kissed every inch of my body. He sucked on my tits and my pussy. I was so wet that I orgasmed quickly.

Alan got on top of me and I spread my legs as he kissed me. I lifted my knees and felt the blunt tip spread my labia. Alan's big cock entered my pussy. It's the only cock to be inside me since I married Matt. His cock felt huge, almost painful at first. Then I got used to it. It was wonderful.

Then the door opened.

"Oh," said Mike, his roommate. "I see you're busy. Sorry 'bout that. I got off a little early today."

Ryan scrambled to hide his erection and close the laptop. But, as hard as he tried, Mike saw both.

"Geez, I didn't expect you so soon. I'm embarrassed."

"Don't be. We've all seen other guy's dicks before. No big deal."

"Yeah, but they weren't jerking off and you saw my wife's pussy."

"True." said Mike. "I can't un-see that."

Mike smiled and took a step toward the bed.

"In fact, I'd like to see it again. What d'ya think?"

"She wouldn't like that," answered Ryan.

"She'll never know. Just for your roommate? I'll never tell that I walked in on you beating off."

Ryan sat holding the laptop. The idea of showing Mike his wife's porno video excited him. He wasn't sure why and he had never thought of it before, but, the thought of Mike seeing her intimate parts caused his cock to stir.

"OK, Just this time."

"Start it from the beginning again," said Mike. "I want to see it all."

Mike sat down on the edge of the bed with the laptop between them. Ryan touched the keys and the image of his wife's vagina came on the screen.

"That's beautiful," said Mike. "Her lips are perfect. I can almost taste them."

Ryan's boxers moved as is erection began to swell and grow. In a minute the fat head peaked through the fly. Shortly, most of the shaft emerged from the material.

"I see you're ready again," said Mike. "Don't let me stop you. In fact, I'll join you."

And with that, he stood, loosened his belt and slid his pants and underwear half way down his thighs and sat back down.

Ryan was surprised to say the least. He averted his eyes at first but curiosity got the better of him and he let his gaze drop to his roommate's crotch. The male organ which was exposed was a beautiful example of an above average male endowment. It stood over 8 inches from Mike's pubic hair and was too thick to close one's fingers around. And, it was uncircumcised. Mike wrapped his fingers around it and rubbed the pliable skin up and down as he watched Julia masturbate.

"Wow, Mike. That's quite a handful. It's bigger than any of my friends while I was growing up."

"Yeah," agreed Mike. "Been like this since I hit puberty. Everyone loves it."

"Everyone?" asked Ryan.

"I've had some men who liked it better than the women I've dated. They can't get enough."

Ryan could appreciate that. As a new teenager he'd had a couple of experiences with his friends. It had all seemed innocent enough. 'I'll show you mine if you show me yours,' had been the game. He'd been curious about the other boys' penises. It had started when someone had to pee when they were out in the woods near his home. He'd taken his out of his pants too. One of the boys looked over.

"Does it get hard yet," he asked.

"Yes," he'd answered. "Yours too?"

"Yeah. I like rubbing it. Feels good."

"Show me," Ryan had said. "Let me see how you do it."

An excerpt from Sherry the Hot Wife.

I held her ankles as she feigned a struggled. Randy soon had her top off, her bra undone and her shorts unsnapped and half way down her thighs. Her nipples were hard and I could see the dark pubic hair through her panties.

She stopped struggling and said, "I give up but you guys have to be naked too."

Randy released her and pulled his T over his head. He unbuttoned his shorts and they fell to the floor. His big cock was already growing.

He looked at me and asked, "What're you waiting for?"

I shrugged off my shirt and shimmied out of my shorts. My erection sprang up to my belly.

"Sheila said you'd be ready," Roberta announced as she looked at me.

I'm sure I blushed. Randy turned and scooted up the bed and lay against the headboard.

"You can start with me," Randy said and pushed his cock upright.

Roberta reached for his impressive penis and held it toward me.

"I'd like to see that," Roberta said. "Randy says you're very good at sucking cock."

My feelings were confused. I wanted to suck his cock while Roberta watched but it upset me that Randy had shared my cock sucking with her. I thought, "What the hell. I want to."

I kneeled on the bed, moved between his knees and reached for his tool. Roberta still held it at the base. I pulled it toward my mouth and rolled the soft foreskin down the hard shaft. A drop of semen was forming at the tip and I licked it off. Then I leaned in and took the bulbous head between my lips and sucked in several inches. To my surprise, Roberta moaned and clamped her knees together.

"That's so hot," she murmured.

Randy watched as I sucked his thick cock. Finally, he looked at Roberta.

"Help him," he instructed.

An excerpt from Threesome Positions.

We've already talked about the Spit Roast. Our favorite is very similar. It's very intimate and presents the guys with some close contact. For a straight man this may be too close for comfort. For a bi man, it's a very erotic and exciting position. From my experience, it's satisfying for our female partner and it's good for the kneeling man as it's easy to achieve his orgasm.

We had done the position a few times before we found the right combination. Kneeling was not as good for us. As a result, I'd stand on the floor beside the bed. My partners would be on the bed and close to the edge. My male partner was usually on the bottom with our female partner in a 69 on top. His head and her knees would be at the edge of the bed. The two of them would quickly engage in the 69 with her sucking his cock and him licking her clit. I always had a really hard erection to begin. I'd stand close to the edge of the bed and guide the head of my cock to her labia. As I pressed in, I could feel his tongue on the bottom of my cock and my scrotum would slide across his face. Occasionally, he'd lick my balls as I pushed deeper.

Once the connection was established, I began a slow sensuous rhythm sliding my cock in and out of her pussy. As I did that, he'd be licking her clit, vaginal lips and my cock and balls. The sensations were amazing. She'd be sucking on his erection and I could see her head bouncing up and down on his penis. As I looked down, I could watch my cock slide in and out of her pussy. I could see his head below my crotch. I'd hold her hips as I maintained a steady stroke.

It never took long for my orgasm to build and sweep over me. I'd warn them that I was close and I'd feel her increase her motions and grind her clit down on his mouth. He usually didn't reach an orgasm from this position. She and I did.

When my orgasm hit, I'd bury my cock as deep as I could and ejaculate in that warm pussy. Her orgasm was always monumental. She came in a gush. Vaginal fluid would flood his face and pool on the bed under is head. He'd struggle to sit up to catch his breath. I had to hold on tightly to her hips to keep from being ejected from her pussy.

Our male partner hadn't had his orgasm, so she'd roll over quickly and spread her legs for him to enter her. I'd sit on the edge of the bed and watch them fuck. Her clit would be sensitive and she often got a second orgasm from this intercourse.

As the bottom, it was very exciting to have such a close view of her pussy and a penis. I liked the feel of a pair of gonads brushing across my forehead and face as the fucking motion went on. During the first part of the session, I'd concentrate on licking her labia and our partner's cock and balls. As it became obvious that she was close to cumming, I'd lean closer and lick her clit until they came. After our male partner would ejaculate in her pussy, I'd taste the unmistakable flavor of his semen as it seeped around his cock as he finished stroking. It would mix with her juices and flow over my tongue.

### An excerpt from A Bisexual Vacation

Once on the elevator she couldn't keep her hands off Brian. She proceeded to give him deep kisses and rub her body all over him. Once we reached his room; both he and I were sporting bulges in our pants. It had not gone unnoticed by Emily. Once in the room she reached for his rather large package and opened his pants and started stroking. He asked her to give him a minute in the bathroom. While he was gone, Emily told me that she planned to fuck him and really wanted to watch me enjoy his cock also. It had been a while since we had played this way, so I was more than ready. I do like the taste and feel of another man's cock in my mouth.

We both quickly undressed and started making out next to the bed. Brian walked out naked and sporting an impressive 8" cock that was surrounded by a neatly trimmed bush. I turned Emily over to him and they immediately wrapped their arms around each other and kissed deeply. I stood behind Emily admiring her slim tanned body and could not resist reaching out to stroke her ass. Then I took a seat and watched as she sucked his cock.

After about 5 minutes of sucking, touching and kissing, Brian laid Emily back on the bed and opened her legs. Her pussy was wide open and dripping wet. It had turned a very dark shade of red and the lips had started to hang down. This is how she gets when she is very excited.

Brian lowered his face between her legs and started a slow gentle licking of her pussy. Emily reacted immediately to this. She had a violent orgasm after just a few minutes. He kept licking and she was all over the bed. I moved near her head and she took my 5" cock into her mouth and used her oral talents to make me rock hard.

Brian, saw how much smaller I was than him and said, "Why don't you go first and get her ready for my larger cock?"

I got between her legs and entered her smooth bald cunt easily in one stroke. I could tell that she was not going to have any trouble accommodating him.

As I started stroking as deep as I could go, he moved up to her mouth and she went right to work taking most of his cock into her mouth. Watching her lips around his cock as I fucked her was so awesome. She pulled her mouth off of him and looked into my eyes and nodded her head at me and motioned to his cock. I leaned down and kissed her deeply, tasting his pre-cum on her tongue. Then she grabbed his cock and offered it to me. As I kept fucking her, I took him into my mouth and started giving him a deep blowjob. Emily wrapped her lips around his balls one at a time and we treated Brian to an amazing suck. This all made me so excited that I blew my load into her after just a few minutes. We kept sucking Brian, trading off between his cock and balls. He seemed to swell even thicker.

The erotic memory stirred the soft flesh in Brian's hand. The erection throbbed with his heartbeat and blood pumped to fill the penal cavities. The shaft slipped through Brian's fingers and soon was a firm rod resting in its owner's palm. Brian squeezed and massaged his cock and rolled to his back. He flipped the covers back. He could barely see the shape of the swollen organ in the dark room.

Brian spread his legs a little. He was surprised to feel something at the foot of the bed. He thought perhaps he'd left a pillow at the foot of the bed. The lump was unmovable. He slowly became aware of another weight near the other side. A wave of fear engulfed him and he kicked in panic.

"Ow. Damn, Duane. What the hell was that?" a feminine voice asked.

"It wasn't me," her male companion answered.

Brian leaned forward and his eyes peered into the gloom. Yes, he could make out shapes at the foot of the bed. Human shapes.

"Who's there?" he asked with a quaver in his voice.

"Who are you?" came the reply. "We live here."

"No. I live here," replied Brian. "What are you doing in my bedroom?"

"Well, it's our bedroom and I could ask you the same question," said Duane.

Brian reached for the bedside lamp and switched it on. The room was flooded with light and revealed the two figures sitting at the foot of his bed. As he watched, the opacity of the image faded and he could see the wall through the two.

"Wait. What's happening," he asked the wavering figures. "Who are you?"

"You tell us first. What are you doing in our bed?" said Ashley.

Ashley looked at Duane and nodded toward Brian.

"He's cute," she admitted.

By now the image was just a shadow of its former density.

"And, he's naked," observed Duane.

Brian's erection had evaporated after the startling discovery of two strangers in his bedroom.

Ashley reached for Duane, "Where was I before we were so rudely interrupted?" she asked.

"You were giving me one of your phenomenal blow jobs as I recall," answered Duane.

"Oh, yeah. Bring it here," she said and leaned toward Duane's crotch.

An excerpt of From Housewife to Hot Wife

We slipped back into the office without anyone noticing. I sat at my desk and felt the puddle forming as I dripped. I didn't want a stain so I went to the ladies' room and folded several paper towels into the crotch of my underwear. That staunched the flow and I went home without worrying about a spot on my skirt.

Even though I'd received some relief with Jerry, I was still aroused by the whole episode. The fact that I was planning my husband's loss of his anal virginity was really erotic and my body kept reacting to the thoughts I couldn't control. On the way home a thought crossed my mind. Would Jerry like to feel me do him with my strap-on? My foot almost came off the accelerator as I clamped my knees together as my vaginal muscles contracted with excitement. I had this vision of my husband taking Jerry's cock up his ass and me fucking him from behind. I almost had an orgasm right there in the car. My facinationn with anal sex surprised me. Until recently, I had never even thought about a man's anus in a sexual way. Now I was obsessed.

Stuart was home and in the kitchen again. Dinner was almost on the table so I controlled my raging libido and helped with the dishes. We went to the living room and Stuart pulled me to his side as we sat down.

"Well, I'm dying to know, how did it go today?" he asked.

I played naive. "How did what go?" I asked.

"Did you have a chance to talk to Jerry about another visit and what has happened since he was first here?"

"I'm kidding," I said and punched his arm. "Yeah, I more than spoke to him. I told you that he'd want some satisfaction on my part if we talked about our sex life. We took one of our rides this afternoon and I told him about last night. He had his cock out and I ended up giving him a blow job to help him out."

I glanced down at Stuart's lap and could already see his erection poking the material up.

"That's exciting," he said as he touched his dick.

"I know," I said. "Makes me horny too. Telling him about the strap-on turned us both on."

"I bet. Did he cum a lot?"

"It was a mouthful," I answered. He wants to join us again soon."

"I'm ready. Show me how you sucked him off," he instructed as he pulled his erection through the fly of his pants.

I leaned over and took Stuart's cock in my mouth and swirled my tongue over the swollen head.

An excerpt from My Bi Life.

I typed, "What's a "Sara" doing here?"

"Looking for a bi-guy for my husband," she responded.

You can imagine my excitement when I saw her answer. We began chatting and found that we were compatible. I was somewhat older than they. They lived a couple of hours away.

We decided to make plans for me to meet them the next weekend. On Sunday afternoon, I met them at a restaurant on the main highway. After the introductions, I followed them back to their home nearby. On the way, we stopped by a convenience store. He went in while she waited in the car. I took the opportunity to walk over to her side of the car and show her the bulge in my slacks caused by my erection.

We all knew that this first meeting would be to determine if we were sexually compatible. It wasn't long until we were in their bedroom and shedding clothes. I was not the first person that they had met to explore this living arrangement. They had already had several threesomes. In fact, they had experienced a very well-endowed man. They enjoyed the meeting but he was married and lived too far away.

Our first date went very well. I was very comfortable with the male to male touch. He was smaller than I - about 5 inches erect. I truly enjoyed pleasing her. When he put her in the doggie position and I crawled underneath her and licked her clit and his cock as they had sex, the die was cast. We would be a threesome for the next four years.

I went back home and the next time we chatted on the computer the option of my moving in with them was brought up. We wrote several very long e-mails to one another describing an arrangement we would like. We finally settled on an equal partnership where the three of us would have sex with the other two in any arrangement we wanted. We would share a home. We would sleep in the same bed and share the accommodations equally. An example is that I never had a room of my own. We would all contribute to maintain the lifestyle we wanted.

In a couple of months, we had decided that I would give up my residence and move into theirs. I didn't have a lot of household goods but we packed them up and I was now part of a threesome. Her parents and family didn't know what to think. Who was this strange man living in their house? Apparently we were sleeping in the same bed.

I won't bore you with lengthy descriptions of domestic life as a threesome. There were good times and not so good times. There was some jealousy. There were some financial obstacles to overcome. Eventually they divorced. The wife and I have been together for almost 24 years.

As a threesome, we had an amazing sex life. We slept together and a typical morning would start with them waking me up as she gave him a morning blow job. The bed would be rocking and I'd awake to see her buttocks facing me as she moved up and down on his cock. I would get an instant erection and quickly kneel behind her and press my hard penis into her waiting vagina in the doggie position. I would usually be able to have my orgasm about the same time he did.

#### An excerpt from Anna Returns

In the bedroom, Charles pulled his shirt over his head and dropped it to the floor. He began unbuttoning his union suit and stepped out of his trousers. Reggie moved behind him and placed his hands on Charles' shoulders. He slipped his fingers under the edges of the underwear and slid it from Charles' body. Charles let it fall from his arms and Reggie pushed the material past his hips to end up in a pile at his ankles. Then he ran his hands over Charles' buttocks and around to caress his cock as it started to elongate.

"You know how to touch me," Charles said.

"Any touching is good for you," answered Reggie with a chuckle.

"You're right again, my friend," replied Charles as he turned and his hand drifted toward Reggie's buttons. "I don't want to be the only one without garments."

Charles deftly unbuttoned his friend's trousers and his belt as Reggie shrugged out of his jacket. The fashion of the day was multiple layers of clothing. It helped in the cool damp English climate but also provided the degree of modestly dictated by the culture. After the jacket, Reggie doffed his shirt as Charles pushed his pants to his knees and encouraged him to step out of them. Reggie undid the buttons of his underwear and worked his shoulders free and struggled out of the close fitting garment.

"Finally," exclaimed Charles as his naked roommate stood before him.

Reggie's impressive manhood was stirring and rising as Charles stroked it to life. As it swelled, Charles' hand closed around the veined shaft and stroked the soft skin up and down. Charles watched as the tapered head appeared and disappeared with his movement. Soon, the head was shiny with the first drops of ejaculate. Charles kneeled in front of his friend and touched the fat head with his tongue. He could taste the semen. Then he slid his hand down the pole exposing the head. At last, he took the organ in his mouth and ran his tongue around the smooth penis. His other hand found Reggie's large testicles and held them gently rolling the firm orbs in his fingers.

"Ah, yes," murmured Reggie as his friend and lover teased his erection to full extension.

Anna entered the bed chamber and turned her back to Reggie.

"Help me here, Love," she said.

Reggie reached for her bows and began to untie and loosen the back of Anna's dress. In a minute she shook her shoulders and allowed the bodice to fall forward revealing her fitted underwear. As the dress fell to her waist, Reggie attacked the buttons and waist band that held her split drawers up. Soon Anna's clothing was in a pile around her ankles and her nude body visible to her two lovers. Reggie leaned down and kissed Anna's breast and then pressed her soft breast together and sucked the nipples.

An excerpt from How I Became a Satisfied Wife

I leaned over and took Stuart's cock in my mouth and swirled my tongue over the swollen head. He leaned further back and lifted his hips to meet my mouth.

"Ah, good," he said quietly. "Did you like sucking his thick dick?" he asked.

"Uh huh," I answered around his cock.

I continued sucking his cock taking more and more as I could.` He reached for my butt and rubbed my cheeks through my skirt. I pulled my leg up and moved my hips to give him access to my panty covered pussy. I'd discarded the towels from the office but my cunt was still dripping. His fingers were sticky with my cum.

"From this afternoon?" he queried.

Again, I nodded and made an affirmative grunt. His fingers found my clit and I jumped when he stroked it.

"We are sensitive," he said and rubbed it again.

I was now rolling my hips against his hand striving for my release. I licked the underside of his cock at the frenulum, his most sensitive spot. I expected to taste his cum soon. He placed his hands in my hair and held me tightly as he pushed his cock in and out of my mouth. I felt muscle contractions in the base of his shaft and tasted the first drops of semen as it leaked from his cock.

"I'm coming," he announced and shoved the organ deep. The first jets of ejaculate flooded my mouth. It's always so erotic when a man cums in my mouth. I swallowed the salty liquid and felt my own orgasm surge through my vagina and groin. For the second time that day, I clamped my knees together on his fingers and rode the climax. The last drops of semen dripped onto my tongue as the spasms subsided in my cunt. My legs fell open and Stuart pulled his wet hand back.

"Wow, that was great," he said.

"Yeah, me too," I answered as I pulled myself upright and pulled my skirt down. Stuart's cock was shrinking to its flaccid size and he tucked it back in his pants. I suddenly had a thought.

"How's your bottom after last night? Any discomfort?"

"Thanks for asking," he said. "Everything is normal."

"Good," I said. "I think we're going to use it again soon."

"I'm sure we will," he acknowledged. "I can hardly wait."

I smiled. "Neither can Jerry," I said.

An excerpt from The Pastor, the Wife and the Pool Boy.

One can imagine young Josh's surprise when Jeremy was sent on an errand to the market for supplies and Rae Ann Armstrong appeared in the kitchen in a shear blouse through which her nipples were visible. Josh sat at the counter sipping a soft drink when he felt a light touch on his shoulder.

"Hi, Josh," said Rae Ann. "Sorry I had to send Jeremy on an errand. He'll be back soon. The market is close by and I only needed a few things."

"No problem, Mrs. A," replied Josh.

As much as he tried, he couldn't take his eyes of his friend's mother's breasts. They moved and jiggled as she moved around the kitchen to get a glass, ice and soda. The cool air of the refrigerator caused her nipples to stand and become visible through her blouse. She turned to face Josh with a tall glass in her hand. She lifted the glass to her lips, puckered them and drew a sip of the foaming liquid to her mouth.

As she lowered the glass, she looked Josh in the eye.

"Are you looking at my boobs, Josh?" she asked.

Josh stammered a moment and looked quickly away.

"No ma'am," he finally said.

"Is that so?" Rae Ann asked teasingly. "That bulge in your shorts tells a different story." She stepped closer to Josh and caressed his erection through the material. Josh flinched but couldn't move away as the stool was directly behind him.

"I was sure that a handsome young man as you would enjoy seeing a mature set of breasts. Do you like my nipples? You could touch them if you liked."

Josh sat very still as Rae Ann rubbed harder on his young penis.

"Mrs. A, you shouldn't be doing that. It's sinful. What if someone from the church found out?"

Rae Ann leaned close to his ear and whispered, "It's our little secret, Josh. Just the two of us will ever know."

She squeezed his erection firmly now and moved her hand up and down to stimulate him further. As she looked down, a small patch of material darkened as his semen seeped through.

"What have we here?" she asked and smiled already knowing the answer. As she spoke the stain widened.

Bob and Amanda finished breakfast and returned to their cabin. After a quick shower, they sat naked on the bed.

There was a knock at the door. Bob rose and opened the door. Taking advantage of the clothing optional theme, Mario stood there in the nude. His anticipation causing his cock to lengthen and begin to rise.

"Ahh, a sight for sore eyes," Bob said as he ushered Mario inside. As the door closed, he reached for Mario's growing manhood.

"Been thinking about this since we spoke earlier," he said and gave the organ a squeeze.

"I was afraid I'd have a hard on before I got here," Mario answered. "I couldn't keep it down."

He fondled Bob growing cock and looked at Amanda reclining on the bed.

"You're beautiful as ever," he said to her. "I've thought about you two so often."

"Thank you," she replied.

"Come join us, Mario," Bob invited.

"My pleasure," responded Mario.

Bob climbed on the bed and kneeled in the center by Amanda. Mario sat on the bed and turned to face them. His cock now stood at attention. His balls rested on his upper thighs. Bob reached over and wrapped his fingers around the impressive organ and began a slow stroking motion.

"Ahhh, very nice," said Mario.

He reached for Amanda and fondled her breasts. Then he leaned down and took her nipple in his mouth. His tongue massaged the aureola. Then he squeezed her breast firmly and took as much as he could in his mouth.

Mario seemed preoccupied with Amanda's breasts, so Bob lay down on his stomach and took Mario's throbbing penis in his mouth. He licked the head and then ran his tongue around the ridge finally concentrating on the sensitive frenulum on the bottom of the shaft. Then he took as much of the shaft as he could and slid his lips down the shaft as far as he could. Mario's organ throbbed and twitched at this stimulation. Bob felt minor contractions and then tasted the salty flow of semen from the meatus. He rolled Mario's testicles in his hand and felt the soft skin of the scrotum between his fingers.

"I'm too close. Wait," Mario said.

Mario rolled to his stomach and repositioned himself between Amanda's legs. He leaned in and traced the labia with the tip of his tongue. Then he stiffened his tongue and explored the depth of the vulva. Like a small penis, he pushed the lips open and tasted the vaginal secretions flowing there. Then he brought his tongue up to Amanda's clitoris and stroked it quickly.

### A Sexual Glossary\*

#### Sexual Position 69 and 70

69 is a heterosexual position in which the couple lie in an opposed position, oral to genital and perform oral sex on one another. 70 (69+1) is a thresome position in which the couple assumes the 69 position and a second male has intercourse with the female usually in the doggy position. This position offers all three genital stimulation simultaneously.

#### Bukkaki

Bukkaki is when a woman is ejaculated on by 3 or more men. Many women say it's the most intense pleasurable euphoria they've ever experienced.

#### Cuckold

Is a man who willingly encourages his wife to sleep with other people because it brings him pleasure. Cuckolds exist on a spectrum between two extremes. One on end is the masochistic cuckold who enjoys humiliations, degradation, and other demeaning activities at the hands of his wife and her lover. The alpha cuckold lies at the opposite end of the spectrum and does not enjoy any form of humiliation and often has a direct say in with whom his wife sleeps and when.

#### Double penetration

Two dicks in one chic. Usually, one in the vagina and the second in the anus.

#### Double Sack Taint Smack

When two guys are fucking the same girl, one in the front and one in the back, and their timing gets messed up leading them to smack each other's balls on the girl's taint

#### DPV

Double penetration vagina, two penises in her vagina at the same time

#### Fluffer

Preparing the bull for intercourse with the wife. A cuckhold will perform oral stimulation on the wife's lover before he fucks the wife.

#### Frottage

Frot, tribadism, dry humping, or any other no-penetration body grinding done with or without clothes. Most commonly for two men to masturbate their penises together to culmination. Usually, one of the men grasps both organs while the other watches.

#### Hotwife

A married woman who is allowed and/or encouraged by her husband to pursue sexual relationships with other individuals. Often, these relationships are in pursuit of fulfilling the husband's/couple's fantasies. This appears to be a male fantasy driven activity. The wife may see a man on her own or the couple may invite a guest to share their bed. In the first case she may come home and share the other man's semen with her husband. In the second case, they may share the guest sexually.

#### Sex sandwich

The act of two male bodies' double-penetrating a female, wherein the female serves as the meat between the two men, each of whose erect penises is affixed within the female, one in her anus and the other in her vagina. Generally, the male bodies avoid physical contact, although incidental contact is usually unavoidable; however, such contact normally does not serve as a deterrent for even heterosexual men who create a sex sandwich due to the extreme physical pleasure and sexual arousal caused by such an act. The female may face either upward or downward in the sandwich and is often adorned with makeup and even jewelry and/or high heels/boots but rarely anything else. All three bodies are otherwise nude. The sex sandwich is often regarded as one of the hottest sexual positions that can be achieved.

#### Spit Roast

A sexual activity involving 3 people, two active males and one passive (male or female). Man 1 penetrates person 2 from the rear (anal or vaginal) while he/she sucks the penis of person 3. This is a most common threesome position.

#### Wife sharing

The act of allowing one or more men to use the wife for their sexual gratification and/or to pleasure the wife the way the husband is unable to. The husband usually gains satisfaction and pleasure from seeing his wife have sex with a penis that is not his own. A bisexual man may share the guest with his wife. This could involve simple man to man sucking, sharing the other penis with the wife or anal intercourse with the guest. The husband is normally the subservient male.
